HOW IT WORKS

Three steps. No code.

STEP 01

Customer earns

Order placed → Breeze calculates cashback → credit lands in wallet.

Prepaid? Instant credit.

COD? Held until delivery.

STEP 02

Customer sees balance

WhatsApp message:
"Hi Priya! You earned ₹100 on order #3001. Balance: ₹465."

85% open rate.

STEP 03

Customer comes back

At checkout: "You have ₹365 in rewards. Apply?"

That credit is why they buy from you — not from an Instagram ad.

Everything you need to keep customers coming back.
