

3B: Action-Oriented

Leads with "what you can do" — a spendable balance framed as a CTA, expiry warnings, and ways to earn more. Hierarchy: spend → earn → progress → history.

What's New in 3B

- 1 Customer Name in Header:** "Priya Sharma" sits below the brand name in the header — always visible, no extra vertical space. Compact and contextual.
- 2 CTA-Framed Balance:** "Ready to spend" eyebrow + "Use on your next order" button reframes the balance as an action, not just a number. Drives conversion back to the store.
- 3 Expiry Warning:** Amber banner surfaces time-sensitive info — "₹45 expires in 12 days." Creates urgency without being pushy. Only shown when points are near expiration.
- 4 Ways to Earn Section:** Three earn pathways (Shop, Refer, Review) with clear reward amounts. Educates customers on the full program and drives engagement beyond just checking balance.
- 5 Information Hierarchy:** What you can spend → what's urgent → how to earn more → your progress → what happened. Forward-looking, not backward-looking.
